PERSONAL PROJECTS

Simple Calculator

- I developed a feature-rich calculator using HTML, CSS, and JavaScript to enhance my web development skills. <http://calculator.md-shamimsham11.repl.co/> code link <https://github.com/techjmi/Calculator>

CRUD Application

- I have developed a CRUD (Create, Read, Update, Delete) application, demonstrating my expertise in HTML, CSS, JavaScript, React.js, Node.js, Express.js, Material-UI, and MongoDB. This project showcases my proficiency in implementing full-stack solutions using the MERN stack
- <https://github.com/techjmi/CRUD-Operation>

Weather Searching Website

- Developed a weather search site with Node.js, HTML, CSS, JavaScript, and a Weather API, showcasing my MERN stack proficiency.
- <https://github.com/techjmi/WeatherWebsite>

Blog Website

- I have created a blog website showcasing my skills in HTML, CSS, JavaScript, React.js, Node.js, Express.js, Material-UI, and MongoDB to highlight my proficiency in the MERN stack.
- <https://github.com/techjmi/BlogApp>
